

Rugged construction, Versatile Performance

Ideal for mid-to-large organizations

IDP's CUBO3 Series is designed for mid-to-large organizations to print professional secure long-life cards. Its ruggedized metal frame, ease of use of the latest technology and upgradeability make it an ideal solution for use in mid-to-large organizations.

Print color cards in only 17 seconds and monochrome cards in only 5 seconds.

- **CUBO3 Single** offers single-sided direct-to-card printing and has options for various types of encoding and Ethernet.
- **CUBO3 Dual** offers dual-sided direct-to-card printing and has options for various types of encoding and Ethernet.

AT A GLANCE

Proven rugged construction

Reliable and adaptable operation

Designed for larger applications, it holds up to 200 cards and offers high-speed printing.

Incorporating the latest technology, it offers an adjustable card thickness tool, a high-speed CPU, integrated driver, maintenance tools and more.

Intuitive features & productivity

Easily manage all your demands

With its LCD display and LED buttons, the user can easily see the printer's status and network status, execute test prints, initiate cleaning mode and more.

The CUBO3 series offers advanced security features such as Kensington lock support to secure your printer and physical keyed locks to secure your consumables and cards.
